Define Problem Statements (Customer Problem Statement Template):

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A college student preparing for exams.	Explain concepts aloud to check my understanding.	I don't know whether my explanation is correct.	There is no instant feedback on conceptual understanding.	Unsure but eager to improve.
PS-2	A teacher evaluating students.	Assess students through spoken explanations.	Manual evaluation takes too much time.	Every response requires individual analysis.	Overloaded but committed.
PS-3	A competitive exam aspirant.	Practice explaining technical concepts verbally.	I don't receive objective feedback.	Most platforms assess only written answers.	Motivated but lacking confidence.
PS-4	An online learner.	Improve communication and conceptual clarity.	I cannot measure the quality of my spoken explanation.	Existing tools focus on speech recognition instead of concept understanding.	Curious but frustrated.
